

01/07/2017

Dear Sirs,

**RE: Arville™ Endless Woven Rotary Moulder Belts**

P&S Textiles Ltd (T/A Arville) manufactures Rotary Moulder Belts in various styles combining:

- Cotton
- Cotton/Nylon
- Cotton/Polyester

The belt materials have been independently tested to comply with EU Regulation 1935/2004 (10/2011) in accordance with BS EN 1186-13 (October 2002 Method B).

The belting materials were covered with a fat simulant and then exposed to 70°C for two hours. Results obtained demonstrate overall migration levels at less than 0.3mg/dm<sup>2</sup> which is significantly below the maximum upper limit of 10mg/dm<sup>2</sup>.

The products meet with the European migration requirements for contact with food for its intended use.

Yours Sincerely,

Neil Fegan  
Technical Manager
